Request for Voluntary Suspension

RLF AgTech Ltd (ASX: RLF) (the **Company**) hereby requests a voluntary suspension of its securities from the commencement of trading on 30 April 2024 and provide the following information in accordance with ASX Listing Rule 17.2:

- The request for the voluntary suspension enables the Company to finalise the material acquisition and the equity raising.
- The Company requests the voluntary suspension to remain in place until the earlier of the Company releasing an announcement on the aforementioned matters or the commencement of trading on 6 May 2024.
- The Company is not aware of any reason why the voluntary suspension should not be granted or any other information necessary to inform the market about the voluntary suspension.

Authorised for release by the Board of Directors.

About RLF

RLF AgTech Ltd (ASX: RLF) is an Australian based global plant nutrition and carbon technology company that develops products to empower farmers, nourish people and restore the earth.

RLF combines plant science with advanced chemistry and manufacturing practices to produce high-quality plant nutrition products for commercial agriculture. RLF's Plant Proton Delivery Technology enables farmers to grow higher-yielding, better-quality, and more nutritious produce while supporting the plants' natural ability to store and reduce atmospheric carbon. In the years ahead, commercial agriculture is destined to play a significant role in sequestering carbon. RLF's technologies will support this, using its Accumulating Carbon in Soil System (ACSS) to help capture and store CO₂ by increasing the organic matter in the world's soils.
